

Sports Premium at Lydgate Infant School

Our aim at Lydgate Infant School is to ensure that all children to experience a broad offer of physical literacy opportunities, fulfil their potential and improve their health and wellbeing through life long participation.

The school's provision therefore offers opportunities for children to:

- Develop a positive attitude to participation in physical activity.
- Begin to make informed decisions about the importance of exercise in their wider life during school, after school and as they mature.
- Become skilful and intelligent performers by acquiring and developing physical competence and confidence in a range of physical activities and contexts.
- Learn how to select and apply skills, tactics and compositional ideas to suit activities that need different approaches and ways of thinking.
- Develop ideas in a creative way.
- Set targets for themselves and compete against others individually and as team members.
- Provide opportunities for all children to participate in all activities at their own level whilst extending their skills and knowledge to achieve their potential.
- Encourage our children to develop confidence and attributes associated with good sportsmanship and leadership.
- Utilise the school's cultural diversity to enhance the offer of physical literacy activity available to pupils (eg. Multi-cultural dance activities).

Our children have many opportunities to learn new skills and games and to take part in festivals and competitive sports. Lydgate Infant School is an active member of the Forge Sports Partnership, collaborating with local schools and enjoying opportunities to compete in many different sports including athletics, football, cricket, gymnastics, tennis, rounders and handball. We also offer a diverse range of sports clubs and sporting experiences.

| Total | £18370 |

What has been the impact of Sports Premium Spending?

- Teaching staff are more confident in delivering a skills-based Physical Literacy curriculum and are developing a better understanding of progression of skills throughout the school.
- Pupils experience a wide and varied Physical Literacy curriculum, with a minimum of 2 hours timetabled physical activity per week.
- There are increased opportunities for children to take part in extra-curricular activities and KS1 intra and inter school competitions.
- Physical Literacy resources are well-maintained, replaced on an ongoing basis and have been enhanced in order to improve pupils' access to high quality resources which support their learning effectively.
