Author in the spotlight

Caryl Hart

Caryl Hart is a local award-winning children's author who has published over 80 children's books. She spends a lot of time visiting schools, libraries and festivals all over the country. Her books have been translated into lots of different languages, some of which you can find in our school library!

Recently, Caryl's books *Meet the Weather*, *The Jellyfish Jiggle* and *The Safari Stomp* have been chosen by BookTrust to inspire young readers. Over 80,000 children will receive free copies, and the books will be featured by libraries in their Storytime packs. *The Jellyfish Jiggle* is also shortlisted for the BookTrust Storytime Prize.

Caryl has created four books with Bethan Woollvin (who painted the fabulous mural in our library!).

Hello children at LIS!

I'm Caryl Hart and I write books for my job! Being a children's author is great fun as I get to create new stories for people like you! I also love visiting schools to read and create new stories with children.

I'm here to tell you that reading gives you special powers! Yes, it's true! Because if you can read you can learn to do anything.

I know reading can feel tricky sometimes. There are a LOT of words to learn. But the good news is, the more you do it, the easier it gets. And it doesn't really matter WHAT you read - if train timetables or instruction manuals are your thing, go for it! If you love fact books, that's fantastic. If you prefer a good story or poetry that's brilliant! Just find something you enjoy and reading will be so much easier and much more fun.

I like reading in the bath, snuggled up at bedtime and on the train. Where's your favourite place to read?

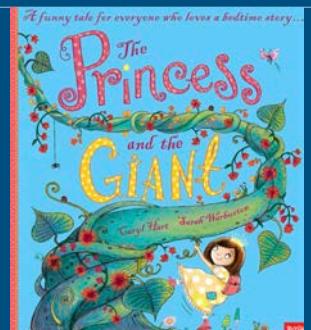

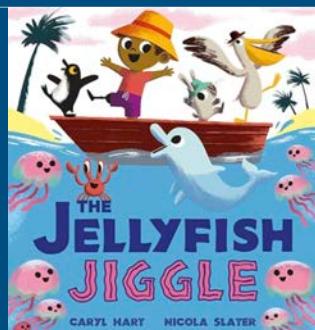

If you don't have books at home, head down to your local library and have a good old explore. And be sure to ask for books by me. There are LOTS to choose from.

You can find out more about my books on my website. There are also LOADS of activities to print off and try at home. Here's where to find me:

Class 9 take part in research around inclusive books

Mrs Varley and Class 9 have been taking part in a research project with the English Association and Inclusive Books for Children. By taking part in this project, our school will be helping to contribute more knowledge about how inclusive books are used in classrooms and what impact they have on pupils' engagement in reading for pleasure, empathy and sense of belonging.

The inclusive books (a mixture of picture books and early chapter books) are being read aloud to the children at story time and the children also have the opportunity to read them again during their daily independent reading time (relaxed reading) if they choose to. Here are a few of the books we have been reading...

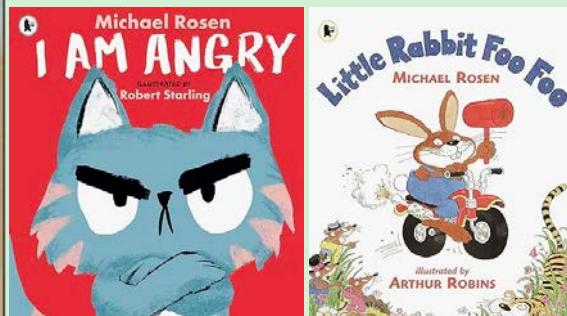

INCLUSIVE
BOOKS FOR
CHILDREN

Class 3 are creating a Catalogue of Authors

Class 3 have been working with Miss Moon to create a catalogue of authors. The aim of the project is to introduce the children to a rich variety of authors. In addition to this, the children have been encouraged to be critical thinkers, giving their opinions on different books. So far, Class 3 have studied Morag Hood, Michael Rosen, Nathan Bryon and Oliver Jeffers.

Class 3's current favourite author is Morag Hood because they think her books are really funny! However, they also love 'Stuck' by Oliver Jeffers.

When Class 3 have finished the catalogue of authors, they aim to display it in the library to share what they have learnt and enjoyed with other classes. This might help children to choose a book from the huge selection in our school library.

Lydgate Infant School are taking part in the SPARK book awards this year! Miss Whitehead is on the judging panel for the awards. Below are the 12 books of Christmas (the longlist) decided by the judges.

Later in the year, the judges will decide on a shortlist. This will include four of the following books. Which books would you choose if you were a judge?

It is then over to the children to decide on the winning book!

Reading For Pleasure

Why is Reading for Pleasure important?

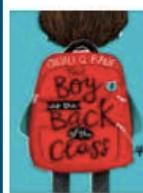

Children who read for pleasure have a wider vocabulary and general knowledge, an enriched imagination and more developed narrative writing (Seneca et al., 2018). Reading for Pleasure is more important than either wealth or social class as an indicator of success at school. It can increase empathy, improve relationships with others and improve wellbeing throughout life (The Reading Agency 2015).

Book Chat

The Open University

Chatting with your child as you read together develops their language, comprehension and pleasure. We recommend watching this [short video](#) about book chat from the superb reading team at The Open University
https://www.youtube.com/watch?v=sKFdKs_2wJY

Children who read, and are supported as readers, develop strong reading skills and do better at school.

Supporting Readers at Home

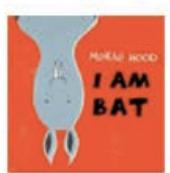

Open University research suggests there are three important ways to support readers and a love of reading.

Reading aloud to your children shows them reading is a pleasure, not a chore. Older children can read to younger ones too.

Making time to read alongside one another helps develop children's reading stamina and interest. Let them choose what to read and relax together.

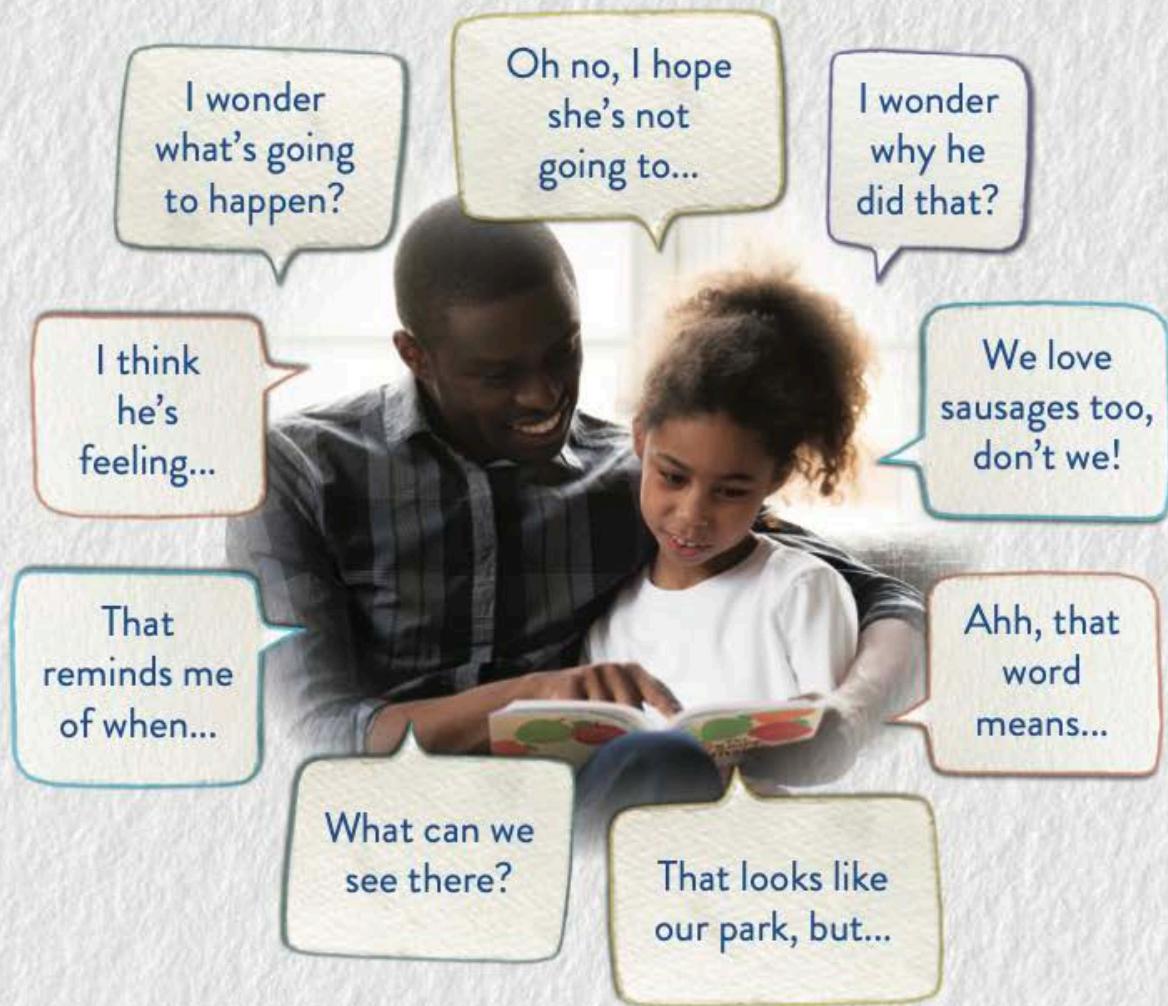

Book Chats encourage readers. Invite them to make connections and share their views. Join in with your thoughts too!
