

## **Communication and Language**

Talk about self positively

Time to Talk

Helicopter Stories

Story Time

Oracy activities – Voice21

## **PSED**

Talk about things you have got better at as you have got older. What can you do now that you couldn't before?

What is a goal? What would you like to get better at and how will you do it?

Let us know when you reach your goal.

## **Literacy**

Recapping and consolidating Phase 2/3 phonics covered so far

Finish learning phase 3 sounds and tricky words

Building independence in applying phonic knowledge to reading and writing

Simple sentence writing – correct letter formation, finger spaces, full stops

Guided reading

## **Maths**

Maths Meetings

Number land

### ***Alive in 5***

Comparing numbers

Number composition to 5

Measuring using nonstandard measures – capacity, weight

### ***Growing 6, 7, 8***

Introducing sharing/doubling (seeing smaller numbers in larger numbers)

Addition

Measuring using nonstandard measures – Length and Height

## **Physical Development**

### **Working on Fine Motor Skills**

Letter and Number formation

Finger Gym activities

### **Working on Gross Motor Skills**

Supermovers

Balancing – either still balances or on climbing equipment

Throwing and Catching skills

## **Expressive Arts and Design**

### **Art**

Make a seasonal tree collage

Observational drawing – spring flowers

### **DT**

Make a collage of your house - choose different materials to match real buildings

Design a house to match a season – what will it need?

### **Music**

Make your own music based on a season using instruments or household items

How could you write it down it for someone else to play

## **Understanding the World**

### **People and Communities**

Look at features of local area – old and new buildings etc, investigate the history of the old buildings you find

Learn about the things people used in their homes in the past – lamps etc, How did they work? How are they different?

### **The World**

Looking at the seasons and weather – measure rain, draw around shadows, learn about rainbows, look at features of different seasons

Think about how people affect local environment – litter, traffic etc

Find Sheffield/Crosspool on a globe/map

Make your own simple maps

How would you make your local area better?

### **Technology**

Programme a toy/use a beebot app

## **FS2 Spring 1 Overview**

**Topic- Our World/Local Area**

**SEAL – Going for Goals**
