

# Lydgate Infant School Council Meeting

**April**

Everyone came to today's meeting, apart from two F2 School Council members who were busy doing something else.

- To start with, we talked more about the idea of moving our School Council meetings to a Wednesday afternoon rather than a Monday afternoon. This is because Y2 School Council members find it difficult to come on a Monday afternoon. Everyone thought that this was okay, so we decided to start meeting on a Wednesday afternoon from now on.
- Then we talked about the grassy area, and how we could use it more now that the chickens aren't there any more. Mr Bromage said that the City Council had cut the grass, and that they would do this again over the summer so that everyone can use it. We then talked about how we could use this grassy area for everyone, and decided to talk to our friends in class to find out more.
- Then we talked about the 'Golden Shoe'. This is when we all try to come to school either by walking or by scooter/bike in June. Everyone thought that we should do this, and some school council members said that we should remind everyone to park their scooters in the scooter park instead of the bike area so that everyone could park their bikes more easily.
