

Lydgate Infant School Council Meeting

September

Everyone came to today's meeting.

- This was our new School Council's first meeting, so we talked about our school's Green Flag, which was given to us because we are good at looking after our environment. Our School Council is also our school's 'Eco-Team', and we sometimes talk about ideas that would make our Green Flag learning even better.
- We also talked about how School Council works. We meet every two weeks if we can, but definitely at least once a month. On weeks when we are not meeting, then it is time to talk to our friends in class about things which they would like us to mention in School Council Meetings. We have School Council badges, which we can wear each Wednesday if we remember.
- Mr Bromage then said that someone from Sheffield City Council's Parks Department had asked the school whether they could come to meet school council to find out about the kind of things which children enjoyed playing with in parks. We decided to invite this person to our next meeting, and ask our friends and think ourselves about our ideas to tell them.
