

Dear Parents and Carers,

As we move into the initial week of the current national lockdown, the school would like to set out the home learning offer that we have put in place from Monday 11<sup>th</sup> January. As we move through the coming weeks, this offer will be reviewed and evolve further accordingly to feedback and guidance. Please note that the school does understand that you may also be trying to juggle working from home alongside home learning and so please access what is appropriate for your child and your situation.

Each week our home learning offer will include:

- An online story time session at the start of each week
- An online Learning for Life session each Wednesday
- Links to pre-recorded teaching sessions where relevant to skills being taught
- Two live zoom sessions delivered by the class teacher for your children to attend- these may take the form of a storytime or show and tell and will be approximately 15 minutes long.
- An online music session each Thursday
- An online end-of-week assembly each Friday
- Each class has an email which can be used to share your child's work, receive feedback or ask any questions you have. The format of the email is as follows [class1@lydgate-inf.sheffield.sch.uk](mailto:class1@lydgate-inf.sheffield.sch.uk) – please use the relevant class number for your child. The school intends upload examples of home learning which you are willing to send to class email to the school's Year Group Blog pages each Friday – these will also be celebrated in Friday's end-of-week assembly where possible.
- We will endeavour to send home learning to you via ParentMail each Friday ready for the following week. However, on occasion we may need to send it to you on Monday. Home learning will consist of literacy, maths and at least one wider curriculum area each week.
- We will also make contact with parents and carers of children who are not attending school regularly over the course of the lockdown. However, if you have any questions or concerns please contact us rather than waiting for the call.

In addition, access to the school's online learning platform, 'EducationCity' is free to all pupils. The platform contains lots and lots of activities linked to the learning which will be distributed above. If you have not already done so, accessing the platform is easy, just visit [www.educationcity.com/uk/login](http://www.educationcity.com/uk/login). Should you require a username or password for your child, please contact the school. Other linked online resources of use to your child are available on the school's website, and will be regularly updated during the coming weeks.

Please find below links to our live zoom events each week. Please note these are recurring invitations which are valid each week throughout the lockdown period. Your class teacher will send a further email with specific invitations to your zoom sessions for your class.

### **FS2/Y1 Story-Time Session (2pm: recurring every Monday)**

Join Zoom Meeting
